

# PETER L. TAYLOR

<https://pltaylor16.github.io/>

## EMPLOYMENT

---

|   |                       |
|---|-----------------------|
| <b>CCAPP Fellow</b><br>Center for Cosmology and Astroparticle Physics<br>The Ohio State University<br>(5-year independent fellowship)         | <i>2022 - Present</i> |
| <b>NASA Postdoctoral Program Fellow</b><br>Jet Propulsion Laboratory<br>California Institute of Technology<br>(3-year independent fellowship) | <i>2019 - 2022</i>    |

## EDUCATION

---

|  |                    |
|--|--------------------|
| <b>PhD, Astrophysics</b><br>Mullard Space Science Laboratory<br>University College London<br>Thesis: <i>Cosmological Inference with Cosmic Shear</i><br>Supervisors: Prof. Thomas Kitching & Prof. Jason McEwen                                  | <i>2016 - 2019</i> |
| <b>MRes, Astrophysics</b><br>Durham University<br>Thesis: <i>On the Shape of Dark Matter Halos in the Galaxy Cluster Abell 3827 and the Scattering Cross-Section of Dark Matter</i><br>Supervisors: Prof. Richard Massey & Prof. Mathilde Jauzac | <i>2015 - 2017</i> |
| <b>MMATH, Mathematics</b><br>University of Oxford<br>Dissertation: <i>Kaluza-Klein Cosmologies</i><br>Supervisor: Prof. Pedro Ferreira   | <i>2011 - 2015</i> |

## PROFESSIONAL ACTIVITIES

---

|   |  |
|---|--|
| <b>Consortium Membership</b><br>Euclid Consortium, Roman Cosmology Science Investigation Team,<br>Dark Energy Survey, Dark Energy Spectroscopic Instrument,<br>& Rubin Dark Energy Science Collaboration  |  |
| <b>Euclid Consortium</b><br>Member, Diversity Committee<br>Co-Lead, Weak Lensing Forward Modelling Work Package<br>Consultant, Likelihood Inter-Science Task-force<br>Science Organizing Committee, Les Houches Advanced School<br>Internal Referee for Euclid Publications<br>Flagship Paper Authorship Rights for > 1 Year of Infrastructure Work | <i>2020 - 2023</i><br><i>2019 - 2023</i><br><i>2019 - Present</i><br><i>2022</i><br><i>2023-Present</i><br><i>2023-Present</i> |
| <b>DESI</b><br>Mentorship Program   | <i>2022 - Present</i>  |

## Refereeing and Reviewing

|   |                |
|---|----------------|
| Subject-matter Expert Reviewer in NASA Proposal Peer Review | 2021, 2022     |
| Astronomy and Astrophysics                                  | 2019 - Present |
| Monthly Notices of the Royal Astronomical Society           | 2020 - Present |
| Journal of Cosmology and Astroparticle Physics              | 2021 - Present |

## Organizer

|   |                |
|---|----------------|
| CCAPP Seminar Series                                    | 2023 - Present |
| NASA JPL Dark Sector Meetings                           | 2020 - 2022    |
| Mullard Space Science Laboratory Cosmology Journal Club | 2017 - 2018    |
| <b>Fellow, Royal Astronomical Society</b>               | 2017 - Present |

## AWARDS

---

|  |      |
|--|------|
| <b>UCL Dean's Commendation Thesis Prize</b>                        | 2020 |
| Faculty of Mathematical and Physical Sciences                      |      |
| <b>Alan Johnstone Award for Outstanding Graduate Research</b>      | 2018 |
| Department of Space and Climate Physics, University College London |      |
| <b>UK Science and Technologies Facilities Council Studentship</b>  | 2016 |
| 3.5 Years of Graduate Research Funding                             |      |

## SELECTED GRANTS

---

|   |      |
|---|------|
| <b>Science-PI</b>   | 2021 |
| <b>NASA Astrophysics Theory Program</b>   |      |
| <b>Leveraging Weak Gravitational Lensing - Redshift Space Distortions Cross-correlations (\$748k)</b>                     |      |
| <b>Co-I</b> (1 of 5, PI E Huff)   | 2020 |
| JPL Internal Research and Technology Development Fund   |      |
| Mass and Motion, Tension and Concordance:<br>What Are Tensions in Current Data Telling us About Dark Energy? (\$220k)     |      |
| <b>Co-I</b> (1 of 1, PI E Huff)   | 2020 |
| JPL Internal Topic Area Proposal  |      |
| Next-Generation Weak Lensing with Hyperspectral Imaging Surveys (\$400k)  |      |
| <b>Co-I</b> (1 of 10, Science-I B Lee)  | 2020 |
| HST Cycle 28 Archival Study   |      |
| Constraining the masses of galaxy overdensities at $z > 1$ in CANDELS and COSMOS through weak lensing in the NIR (\$751k) |      |
| <b>PI</b>   | 2019 |
| <b>NASA Postdoctoral Program Fellowship</b>   |      |
| <b>A Next Generation Statistical Analysis for Next Generation Dark Energy Surveys (~ \$200k)</b>                          |      |

## TEACHING AND MENTORING

---

|  |                 |
|--|-----------------|
| <b>Project Supervisor</b>                  | 05/24 - Present |
| Sophie Olsen                               |                 |
| Undergraduate at The Ohio State University |                 |

|   |                 |
|---|-----------------|
| <b>Project Supervisor</b><br>Matthew Craigie<br>PhD Student at University of Queensland   | 06/23 - Present |
| <b>Supervisor</b><br>Erik Zaborowski<br>PhD Student at The Ohio State University<br>NSF Graduate Research Fellowship Program (GRFP) Honorable Mention   | 06/22 - Present |
| <b>Invited Lecturer</b><br><i>Euclid Advanced School, Les Houches, France</i><br>1.5 hour Lecture on Likelihoods in Cosmology (Video Recording)   | 06/22           |
| <b>Primary Supervisor</b><br>Sebastian Tsai<br>Project: <i>The Limits of <math>k</math>-cut <math>3 \times 2</math> Point Statistics</i><br>Caltech Summer Undergraduate Research Fellow<br>& Project Advisor for Senior Thesis at Yale<br>Now Business Analyst at Mckinsey | 06/21 - 06/22   |
| <b>Primary Supervisor</b><br>Leah Vazsonyi<br>Project: <i>Constraining <math>f(R)</math> Gravity with <math>k</math>-cut Cosmic Shear</i><br>Caltech Summer Undergraduate Research Fellow<br>Now PhD student at UNC Chapel Hill   | 06/20 - 10/21   |
| <b>Project Supervisor</b><br>Anurag Deshpande<br>PhD student at University College London<br>Now Machine Learning Scientist at Amazon   | 6/20 - 12/20    |

## OUTREACH & PUBLIC ENGAGEMENT EVENTS

---

|  |       |
|--|-------|
| <b>Lead Organizer</b><br>The Universe in Virtual Reality<br>Royal Society, London  | 07/19 |
| <b>Lead Organizer</b><br>Mullard Space Science Laboratory Work Experience Week<br><i>Week long program for high school students from underrepresented backgrounds.</i> | 07/18 |
| <b>Project Mentor</b><br>Mullard Space Science Laboratory Work Experience Week   | 07/18 |
| <b>Outreach Talk</b><br>Institute for the Arts, London   | 04/18 |
| <b>Project Mentor</b><br>Mullard Space Science Laboratory Work Experience Week   | 07/17 |
| <b>Public Talk</b><br>Westminster School, London   | 06/17 |
| <b>Public Demonstrator</b><br>Mullard Space Science Laboratory 50th Anniversary Open Day   | 05/17 |

|   |              |
|---|--------------|
| <b>Gravitational Lensing Demonstrator</b><br>Euclid Consortium School Science Day, London | <i>05/17</i> |
| <b>Demonstrator</b><br>Schools' Science Festival, Durham                                  | <i>03/16</i> |
| <b>Planetarium Demonstrator</b><br>Celebrate Science Festival, Durham                     | <i>10/15</i> |

## PRESENTATIONS

---

|   |              |
|---|--------------|
| Cosmology from Home (selected, scheduled)                                 |              |
| University of Michigan (invited)  | <i>06/24</i> |
| University of Cincinnati (invited)  | <i>02/24</i> |
| Parity Violations from Home 2023 (selected talk, remote, Video Recording) | <i>10/23</i> |
| CosmoPalooza <sup>1</sup> (invited, remote, Video Recording)              | <i>10/23</i> |
| CCAPP Symposium, The Ohio State University (internal)                     | <i>09/23</i> |
| Lensing on Different Scales Workshop, Chicago (selected talk)             | <i>07/23</i> |
| DESI Metting, Durham, UK (flash talk)                                     | <i>07/23</i> |
| Euclid Meeting, Copenhagen (flash talk, selected, remote)                 | <i>06/23</i> |
| Statistical Challenges in Modern Astronomy, State College (flash talk)    | <i>06/23</i> |
| Euclid Early Career Talk Series (flash talk, remote)                      | <i>10/22</i> |
| CCAPP Symposium, The Ohio State University (internal)                     | <i>09/22</i> |
| University of Turin, Italy (invited, remote)                              | <i>05/22</i> |
| University of Waterloo, Canada (invited, remote)                          | <i>02/22</i> |
| Stanford University (invited, remote)                                     | <i>01/22</i> |
| Queen Mary University of London (invited, remote)                         | <i>11/21</i> |
| Duke University (invited, remote)   | <i>10/21</i> |
| ICG, University of Portsmouth (invited, remote)                           | <i>10/21</i> |
| University of California, Santa Cruz (remote)                             | <i>10/21</i> |
| Lawrence Berkeley National Lab (remote)                                   | <i>10/21</i> |
| IPAC, California Institute of Technology (invited, remote)                | <i>10/21</i> |
| University of Geneva (invited, remote)                                    | <i>10/21</i> |
| USM/LMU, Munich (invited, remote)   | <i>09/21</i> |
| Postdoc Lab-wide Seminar Series, Jet Propulsion Laboratory (remote)       | <i>08/21</i> |
| University of Oxford (invited, remote)                                    | <i>07/21</i> |

---

<sup>1</sup>On behalf of the Euclid Consortium

|  |       |
|--|-------|
| University of Arizona (invited, remote)  | 03/21 |
| Stanford University (remote)   | 12/20 |
| Euclid Inter-Science Task Force (IST) Nonlinear Talk Series (invited, remote)          | 12/20 |
| University of Minnesota (invited, remote)  | 10/20 |
| External Synergies for Rubin Community Science Workshop <sup>1</sup> (invited, remote) | 08/20 |
| Euclid US Talk Series (remote)   | 07/20 |
| University of Manchester, Manchester, UK (invited)                                     | 08/19 |
| Euclid Science Ground Segment, Euclid Conference, Helsinki, Finland                    | 06/19 |
| Euclid UK Meeting, University of Oxford, Oxford, UK (selected talk)                    | 12/18 |
| Euclid Weak Lensing and Galaxy Clustering Meeting, Milan, Italy                        | 12/18 |
| Alan Johnstone Prize Talk, University College London (internal)                        | 11/18 |
| Euclid France Weak Lensing Atelier, IAP, Paris, France (invited)                       | 10/18 |
| Jet Propulsion Laboratory, California Institute of Technology                          | 08/18 |
| MSSL, University College London (internal)   | 03/18 |
| ICC/CEA, Durham University (internal)  | 06/16 |
